## Objectives and activity plan

### Objectives

The following is the list of your objectives and your estimated yearly activity targets. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your objectives - this will be one of the key measures for evaluating your activities once they are finished.

### Activity plan

The following table shows your estimated yearly targets for number of activities and participants as indicated in your accreditation.

## Activities

In this section, you are requested to enter information on the activities you intend to implement in the frame of this budget request.

How does the budget request work?

Based on the information provided in this section, a budget will be generated using a system of average costs. At final report level, your final grant will be calculated based on the exact flows of participants and associated unit costs as defined in the Programme Guide.

The figures that you provide in the first table below will also serve as your targets for implementation. If the National Agency is not able to provide funding for all of your requested activities and/or participants, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is important to make the most realistic request possible, rather than the most ambitious one. During implementation, the actual number of participants and duration of activities may vary, but the system will allow reasonable adjustments. You should always be able to explain your choices in relation to your objectives.

Please complete the following table with the required information for each activity you intend to implement. An activity is defined by the same location, the same time frame and the same scope.

Please refer to the description below when assigning policy priorities to your activities. The policy priorities are fully described in the Programme Guide and the budget allocation documentation published on the website of your National Agency.

Virtual components and/or digital technology	The activity will integrate the use of digital tools and learning methods to complement the physical mobility activities or to improve quality.
Project green practices	The activity will be designed in an environmentally friendly way and promote environmentally sustainable and responsible behaviour among its participants.
Participation in democratic life	The activity will promote youth participation in democratic life, support social and civic engagement and will aim to ensure that all young people have the necessary resources to take part in society.
EU youth goals	The activity will tackle one or more of the EU Youth Goals. If applicable, please consult the documentation published by your National Agency for further details.

Have you, at this stage, identified the need of any specific additional funding such as exceptional costs for expensive travel, visas etc.? If this is the case, please fill in the table below.

For detailed information on the costs that can be covered under exceptional costs or inclusion support, please refer to the funding rules in the Programme Guide.

If additional needs arise at a later stage, for example if you decide to involve more participants with fewer opportunities or if you need to cover costs that could not be estimated at this stage, you will be able to request additional funding during implementation.

In this section you may request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

## Virtual learning/Blended activities and use of virtual components

Do you foresee Virtual/Blended activities and/or the use of any virtual component, before, during or after the activity?

No

## EU Values

The Erasmus+ programme's implementation, and therefore, the programme beneficiaries and the activities implemented under the programme, have to respect the EU values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, in full compliance with the values and rights enshrined in the EU Treaties and in the EU Charter of Fundamental Rights.

Article 2 of the TEU: The Union is founded on the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities. These values are common to the Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail.

Article 21 of the EU Charter of Fundamental Rights: 1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited. 2. Within the scope of application of the Treaties and without prejudice to any of their specific provisions, any discrimination on grounds of nationality shall be prohibited.

### Subscribing to EU Values

- I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the EU values mentioned in Article 2 of the TEU and Article 21 of the EU Charter of Fundamental Rights
- I understand and agree that EU Values will be used as part of the criteria for evaluation of the activities implemented under this project
